95 lbs.

Meet Your New Dentist

Las Vegas knows that when it comes to cosmetic dentistry, gambling is not an option. Dr. Joseph G. Willardsen has made a reputation for creating winning smiles throughout the Las Vegas Valley.

His amazing two-visit smile technique has made him one of the most popular cosmetic dentists in Las Vegas.

This technique utilizes ultra thin porcelain veneers, to repair chipped or broken teeth, cover dark stains, close gaps or spaces, create straight looking teeth as an orthodontic alternative, and even make you look years younger.

If you don't feel good about the way your smile looks, porcelain veneers may be the solution.

A graduate of Loma Linda University School of Dentistry, Dr. Willardsen has trained with dentistry's leading educators. His drive for perfection has also led him as a full mouth graduate of the prestigious Las Vegas Institute.

True Aesthetic and Restorative Dentistry provides patients with an affordable way to make cosmetic dentistry possible. Dr. Willardsen and True Dentistry can be found on the web at www.truedentistry.com or call them now at 702.434.4800.
